Niagara DAL - NIAGONCA: - FourKites is required on all Niagara shipments - Weight cannot be cut. If any issue with weights (either gross or axle), contact Globaltranz.

- When Carrier is unable to execute delivery within 5 calendar days of the ship date, the product may become adulterated and Carrier will be liable for any resulting freight damage claim.

- Any loads that are RMA'd will need to be returned to specified facility no later than 48 hrs from the time the RMA# has been provided - failure to abide could result in a claim for the product loss. Any loads that are RMA'd need to be returned with a seal and seal number added to the BOL. If the Customer has broken the Seal and they are unable to provide us with one the customer or driver will need to add a lock to secure the load. NO loads will be accepted at ANY shipper with out a Proper Seal or Lock as this is an FDA regulation. If a transload is to occur, it must take place at a food-grade facility.

- If a driver is being detained and delivery is going to be compromised, Globaltranz MUST be notified prior to loading completion or leaving the shipper to confirm the driver will be received.

- Carrier agrees that food that has been transported under conditions that are not in compliance with the shipper's or Globaltranz' instructions, as provided to Carrier by the shipper or Globaltranz, will be considered "adulterated" within the meaning of 21 USC 342(i). Carrier understands that adulterated shipments may be refused at destination without diminishing Carrier's liability in the event of a cargo claim.
